Congress (APC) in this contest, I also extend our warmest congratulations to you and His Excellency, Vice President-elect Kashim Shettima on this historic triumph.

Your election has renewed hope in the hearts of Nigerians, and we are confident that in your incoming Administration, we shall witness the sort of foresighted governance we saw you provide in Lagos State over the last two decades - and which fired our imaginations, not only to believe that the same is possible in Nigeria but to work assiduously with you to birth it today.

Sir, you are coming to the Presidency at a time when Nigeria is facing numerous challenges of insecurity, corruption, unemployment, and economic instability, among others. The only answer we envisage is sustainable change, executed as a divine trust, that quickly improves the lives of all citizens while elevating our national standing in the Comity of Nations.

We are excited about your vision for a prosperous Nigeria built on a foundation of sustainable development, innovation, and inclusivity. Your commitment to revamping the economy, creating job opportunities for the teeming population of unemployed youths, eliminating insecurity and ensuring food security constitute the heart of our support. We hold them both irreducible and inviolable.

Of course, we recognize that governing a diverse country like Nigeria is not an easy task, but we know that you have the experience, knowledge, and skills to navigate

the complex challenges that you have so voluntarily assumed. We are therefore confident that you will leverage your wealth of experience in public service and your excellent track record in governance to uplift the Giant of Africa.

Once again, congratulations on your well-deserved victory. May your tenure as the President of the Federal Republic of Nigeria be characterized by transformative leadership, renewed hope and prosperity for all Nigerians.

Your Excellency, please be assured of my highest esteem and support always.

YAHAYA BELLO
Executive Governor of Kogi State
and National Youth Coordinator, APC PCC NYMD.
